## **STUDENT MEAL ACCOUNTS**

All students are issued a meal account upon enrollment at Aristoi Classical Academy. Each student account has a credit limit of \$10.00.

The meal charge system allows your student to charge a meal in the event the student forgets to bring lunch to school. If your student charges a meal, a notice will be sent home within one (1) week of the charge. Please remit payment for the charged meal by either logging on to the LunchTime system through our school website or by sending payment in an envelope with your student to school. Remittance sent with your student should be sent in a sealed envelope with your student's full name, grade, purpose of payment and date on the front.

Payments made through the online system will be updated in the system at approximately 10AM and 2:30 PM. Payments sent to the school may take up to one week to post to your student's account.

If you do not want your student to have a charge account, please e-mail Dawn Stoltz at [dstoltz@aristoiclassical.org](mailto:dstoltz@aristoiclassical.org).

## **FREE AND REDUCED MEAL PARTICIPANTS**

Please note that Texas Department of Agriculture does not consider individual milk purchases part of the Free and Reduced Meal Program. Only when the student takes an entire meal tray is the milk component free. If a student takes an individual milk with no meal tray the student/parent will be required to pay \$.50 for the purchase.
