Dear Parents, Faculty, and Staff,

As I was walking across the campus this first day of autumn, my heart was flooded with gratefulness. A string of events happened recently that reminded and compelled me to share with you the blessings, success and growth that ACA has experienced this school year.

- Before school started, our new Administrative Assistant, Heidi Manna recruited Adams Tree Service to manicure and beautify the grounds free of charge. Thanks to Adam's Tree Service, our grounds are beautiful!
- Thanks to Second Baptist School for the 80 desks and chairs donated right before school began!
- When I arrived on campus July 5th I noticed fencing materials on the grounds, which were donated by Kingsland Baptist Church's "Faith in Action" Sunday School class. We so appreciate the materials and previous donations.
- Two weeks ago, Adam's Tree Service financed the labor through Diamond Construction to repair and install the fence to maintain a safe environment for our students. Adam's Tree Service also donates 7% of gross proceeds from school family customers.
- Thanks to the PTO, I see happy ACA students playing on the new playground equipment daily!

The following businesses have contributed to our school as follows:

- Walmart - \$100 for Science supplies
- Be A Champion - percentage of tuition
- A.J. Construction - discount on the installation of the modular buildings
- R.A. Cummins Construction - donated labor
- ABM Copier - donated copies
- Parents, Staff, Families of Staff, Administrators, and Families of Administrator's – labor, private donations, or commitment to give
- Old Towne Animal Hospital – donations
- Low Cost Geeks Mason Road – technology labor and donations

ACA has experienced decreased state funding and substantial bond payment increases this year, both of which have caused us to operate on an extremely tight budget. We appreciate the kindness, generosity, and support of everyone.

Genuinely grateful,
Brenda Davidson
