

Did you know that every person living in the United States throws away approximately 2 lbs. of paper per day?

Did you also know West Houston Charter earns money every month for recycling paper in the Green & Yellow Paper Retriever bin?

What can you do to help?

West Houston Charter wants your paper. Please help us earn money by depositing your household paper in the Paper Retriever bin every week.

If 400 families put their paper in the Paper Retriever bin each week, our school would collect more than 4000 pounds or 2.0 tons of paper per week.

Deposit your school paper, office paper, newspaper, catalogs, magazines, junk mail, and envelopes in the Paper Retriever recycling bin every week.

Our school and the environment thank you!
